VI	\$70,001- Above	\$25/\$100	\$41/\$164	\$62/\$248	\$100/\$400

A multiple child discount of 10% is given to a family with multiple children attending a full day program. Families are eligible for the discount after the fee for the "first child" has been determined. The discount will be applied to the least expensive type of care. For example: A family has two children enrolled in an OFCC home. One child is an infant and one is a preschooler. The family will pay the full rate for the infant: and receive a 10% discount on the rate of the preschooler.
