Since its Broadway debut, this spectacular musical phenomenon has thrilled millions of theatregoers worldwide; mesmerizing them with its passion, captivating them with its story and entrancing them with its anthemic title song. And now, two-time Tony Award®-winning director Des McAnuff (Jersey Boys, The Who's Tommy) brings a bold, new vision to the classic rock opera by Tony®, Grammy®, and Academy Award®-winners Andrew Lloyd Webber and Tim Rice. The Toronto Star gave this sold-out Stratford Shakespeare Festival hit four stars, calling it "an absolute knockout!"
